TOURNAMENT PROCEDURES

Membership/Coach Responsibilities

- a. All team member participation shall be in accordance with the General Rules as set forth in the current *Odyssey of the Mind Program Guide*.
- b. All teams must be registered and all fees paid on or before the cut-off date for each level of tournament as stated in the current FLOMA Standing Rules.
- c. Each team must provide officials and/or workers for tournament as follows (unless otherwise notified by the appropriate Director). Said official volunteers must agree to attend the judges' training workshop and be available on the day of tournament. If the appropriate number of volunteers from a membership are currently serving as members of the Board, Problem Captains or Regional Scoring Captain, then this requirement *may* be waived at the discretion of the appropriate Director.
- d. If a team does not provide officials and/or workers by the deadline established by each Regional Director and/or the State Problem Captains, that team will be assessed a financial and/or Spirit of the Problem penalty by the responsible Tournament Director. This obligation must be met prior to the awards ceremony. The appropriate Director will advise the appropriate Problem Captain that the Spirit of the Problem penalty has been assessed.
- e. Memberships are not required to provide officials or workers for the Odyssey of the Mind World Finals Tournament.
- f. To be eligible to enter the State Tournament, a team must:
 1. compete at a Regional Tournament; (Division IV teams are exempt)
 2. meet any other requirements set forth in the current FLOMA Standing Rules.

Problem Captains

- a. Each Regional Director shall appoint Problem Captains for his/her own region.
- b. Each Problem Captain shall:
 1. meet all requirements as set forth in the current *Odyssey of the Mind Program Guide*;
 2. attend state-wide FLOMA Problem Captain training;
 3. be responsible for assuring proper site set-up and acquiring all designated materials before each tournament;
 4. oversee problem sites and judging teams during the tournament;
 5. attempt to resolve any dispute between the coach and judging team in accordance with the current *Odyssey of the Mind Program Guide*, FLOMA Bylaws, FLOMA Standing Rules and FLOMA Rules for Tournament;
 6. participate in Tribunals in accordance with FLOMA Bylaws; and
 7. abide by the tournament rules and guidelines set forth by Creative Competitions, Inc. in its current *Odyssey of the Mind Program Guide* and FLOMA in its current Bylaws, Standing Rules and Rules for tournament.
- c. Regional Problem Captains shall train all regional officials and make assignments in conjunction with the appropriate Director.

Officials

- a. All officials shall meet all requirements as set forth in the current *Odyssey of the Mind Program Guide*.

- b. All officials must be certified by attending an official FLOMA training session prior to tournament.
- c. The following guidelines are suggested for the ages of officials:
 - 1. Officials 18 – 21 years of age may serve in scoring positions for Division I and Division II teams.
 - 2. Officials 16 – 18 years of age may serve as officials in non-scoring positions for Division I and Division II.
- c. Only FLOMA certified officials will officiate at each tournament.
- d. Final assignments will be made by the appropriate Problem Captain under the direction of the State Problem Director and/or the appropriate Regional Director.
- e. All efforts will be made to avoid conflicts of interest in judging assignments.

Head Judges

- a. Head judges (one at each tournament site) shall:
 - 1. meet all requirements as set forth in the current *Odyssey of the Mind Program Guide*;
 - 2. coordinate each judging team and assign responsibilities;
 - 3. be responsible for the final tally of score sheets;
 - 4. judge and score if necessary;
 - 5. present a written copy of the long-term raw score to the coach (or Division III team captain); and
 - 6. in the event of a dispute, discuss the issue with the coach (or Division III team captain) and the Problem Captain to determine the course of action.

Tribunals

Tribunals will be held as set forth below and in accordance with the current policies of Creative Competitions, Inc., as described in the current *Odyssey of the Mind Program Guide*.

- a. A Tribunal will be convened:
 - 1. ONLY for questions regarding rule interpretation;
 - 2. if a coach's concerns are not satisfied after discussion with the appropriate Head Judge and/or Problem Captain;
 - 3. after the appropriate Head Judge or Problem Captain has received a written statement from the coach (or Division III or IV team captain);
 - 4. as soon as possible on the day of tournament, and all decisions by the tribunal will be made prior the award ceremony.
- b. The Tribunal at the state tournament shall consist of:
 - 1. the State Association Director or Assistant Association Director;
 - 2. the State Problem Director. If the State Problem Director is not available, or has a conflict of interest, the Tournament Director shall appoint a qualified alternate;
 - 3. an appropriate Regional Problem Captain, not affiliated with the disputed region, but appointed by the State Problem Captain; and
 - 4. the appropriate State Problem Captain and coach for input and information.
- c. The Tribunal at regional tournaments shall consist of:
 - 1. the Regional Director;
 - 2. the appropriate Regional Problem Captain; and

3. a member of the Regional Board of Directors. (A member of the State Board of Directors, State Problem Captain, or International Problem Captain may be added to the Tribunal if present at the Tournament.)
If any conflict of interest arises, another Regional Problem Captain or a second member of the Regional Board of Directors may fill one of the positions.
- d. Tribunal decisions are final and may not be appealed unless further information comes to light.
- e. A coach (or Division III or IV team captain) may question ONLY a ruling made concerning his/her own team. A coach may not question judges regarding another team's solution, and doing so may result in the assessment of an unsportsmanlike conduct penalty to that coach's team.

STATE TOURNAMENT ELIGIBILITY:

FORMULA TO DETERMINE THE NUMBER OF TEAMS INVITED TO STATE:

- 1 Determine the total # of teams for each problem/division in the state.
- 2 Determine the total # of teams invited to State for each problem/division based on a maximum number of 18 teams per problem/division.
- 3 Divide the # of teams, (step 1), into the number of teams per region.
- 4 Using the numbers determined in step 3, multiply these numbers by the total number of teams invited to State.
- 5 This will equal the number of teams from each region invited to State Tournament. All First Place teams from each region will be invited to State. (For each of the long-term problems, the number of teams invited to State is based on the number of teams participating in that problem and division.)
- 6 **In addition to the teams invited to State based on score placement, teams and individuals receiving a Ranatra Fusca Award in either the long-term problem or spontaneous will be invited to the State Tournament.**

Teams who fail to meet the Spirit of the Problem will NOT be invited to State Tournament.

JUDGING TEAMS:

All teams in a Long Term Problem and Division will be judged by one complete judging team UNLESS a Region registers more than 20 teams in any one problem and division. If this happens, the Region has the option to have this problem/division ONLY divided into two groups, to be judged by two complete judging teams. The determination of which teams will compete in which group will be done in a public drawing. The formula for teams advancing to State Tournament applies to the total number of teams, with an equal number of winners from each group advancing to the State Tournament.

PRIMARY TEAMS INVITED TO STATE TOURNAMENT:

- 1 Primary teams that are interested in performing at the State Tournament will be given the opportunity to place their names in a lottery at the Regional Tournament.
- 2 In order to be eligible to place their names in the lottery, Primary teams must participate in the Spontaneous portion, as well as the long-term portion of the Regional Tournament, and must have no more than seven (7) members on the team.
- 3 At the Regional Award Ceremony, teams will be chosen randomly from the teams who placed their names in the lottery, using the same formula used for competitive teams.

- 4 These teams will advance to the State Tournament, where they will perform their long-term solutions and participate in Spontaneous. These teams will not be scored as such, but will receive feed-back forms from the judging team.
